

REFERENCE LIST

POWER PLANTS

EBO - ATOMOVE ELEKTRARNE BOHUNICE - Jaslovske Bohunice (Slovak Republic)

1992-2003 - Protection of the Electric Substations in Block V1 and in the Diesel Generator Block with fire detection system with smoke detectors and modular clean gas extinguishing systems -

1996 - Protection of the Electric Cable Channels and Cable Rooms with fire detection system with smoke detectors and clean gas extinguishing systems -

ENEL - Centrale di Brindisi (Italy)

1996 - Protection of Transformers and Oil Storage Tanks with water deluge and fire detection systems-

ENEL - Centrale di Cittadella Postale (Italy)

1994 - Protection of the High Voltage-,Medium Voltage- and Low Voltage Electric Substations with fire detection systems with smoke and heat detectors and clean gas extinguishing systems -

ENEL - Centrale di Fiume Santo (Italy)

1996 - Protection of Oil Storage Room with Sprinkler system -

ENEL - Centrale di Torrevaldaliga / Civitavecchia (Italy)

2008 - Protection of Coal Power Plant with 18 electric remote controlled foam/water monitors mounted on stand-pipes (tetrapods) -

ENEL - Centrale di Turbigo (Italy)

2001 - Protection of the Plants and Substations with fire detection systems and foam and dry powder extinguishing systems -
